Let's get to know one of the most helpful guys in the industry. This gentleman is always there to help a race team find that extra 0.1, Swift Springs Motorsports Director, Frank Simonetti.

1. How long have you been involved in motorsports?

*I personally have been involved in motorsports since high school. It started in drag racing and then went to circle track a few years later. Swift Springs has been involved since 1997.*

2. Who most influenced your journey into motorsports?

*I always loved fast cars and the rush of the speed. I love the technical aspect of the business in trying to make cars faster. Swift Springs gives me the opportunity to love my passion.*

3. What is your favorite motorsports memory?

*There are too many to list, but watching a team on Swift Springs go to Victory Lane never gets old!*

4. How has your involvement in motorsports helped to grow your business?

*Passion. If you do something you love it's like you never work a day in your life, so your always giving 110%. Swift Springs gives me the platform to live this every day.*

5. What was your first exposure to the SRL, and what made you want to be involved with the series?

*I watched the SRL when it ran at Mesa Marin Raceway, and I helped my friend John Krebs work on his cars. The series is a great platform for Swift Springs to show off their superior technology and we love working with short track racers. They want your help and thank you when you help them.*

6. Who is your favorite NASCAR Cup Series driver, both past and present?

*Past would be Jeff Gordon. From the first time I met him he treated me like I was a friend. Today its Kyle Larson. I was first introduced to Kyle when he drove a sprint car for Glenn Crossno. He's still the same humble guy today.*

7. What's your favorite racetrack?

*Anywhere there are cars going around.*

8. If you aren't at the racetrack, where could we find you?

*Probably on my way to another racetrack or cruising in my muscle car or new Corvette.*
